The Residential Camp is for GIRLS ONLY ages 12-18.

This is a 4-day camp designed for players looking to challenge themselves and further develop their game.

Field players and goalkeepers will be trained by the South Dakota Soccer staff and be exposed to a training atmosphere that is unique to the Coyote soccer program. Our residential camp will emphasize the technical, psychological, fitness and tactical understanding necessary to prepare you to play at a higher level of soccer and for the challenges of collegiate soccer.

Please join us for a great summer at South Dakota Soccer Camps!

FIELD PLAYERS

Our field player program imitates training and expectations players will need if considering a college soccer career. Field players are trained in the proper techniques for shooting, heading, dribbling, passing and defending. They are then put into highly competitive 1v1, 4v4, and 11v11 games to develop these techniques under pressure.

TACTICAL TOPICS FOR FIELD PLAYERS

- 1 vs 1 attacking & defending
- Creating numbers up situations
- Speed of play
- Combination play
- Becoming a better goal scorer

GOALKEEPER PROGRAM

Our objective is to create a training environment that challenges all levels of goalkeeping. There will be both a technical and tactical emphasis to the program that will cover shot stopping, footwork, hand positioning, fitness, diving, handling crosses and corner kicks, and more. Technical training will be accompanied by game-related, competitive goalkeeping activities and games. Training time periods will be allotted for goalkeeper specific training, and then goalkeepers will join the field players for finishing exercises, small-sided games and full-sided games in order to apply concepts to live game situations.

TACTICAL TOPICS FOR GOALKEEPERS

- Reading the game
- Organizing the defense
- Dead ball situations
- Communication
- Staying connected to the team
